Website Listings

On www.foodsculptors.org there will be listings to help customers (caterers, chefs etc) find food artists in their geographical area. These listings will forward the customers directly to your websites (or pages of) in order to connect with your new client. The first listing will be included with membership each additional listing will cost \$25.

Food Artists (individuals or businesses that sell food art centerpieces)

Food Art Educators / Schools (Individuals, businesses or schools that teach food art)

Food Art Tool Suppliers (companies that supplies knives, books, tools etc... for food artists)

Biography Information

Members are required to give a brief description of their carving history as well as provide pictures of your art work. If you are not a food artist then you are not required to send in photos, please make a note on the application.

If you are a school or business please provide as much information as possible as we may use this to feature you in the newsletter. We will be sharing this information with our membership.

How did you become involved in our industry?

Do you carve food art for a business or pleasure? Please explain...

Do you have a food art business or sell any food art equipment to carvers?
If yes please explain:

Have you ever taken any food art classes or had any formal training? If yes please explain:

What goals do you set for yourself in the food art industry?

How would you like the WFSA to help you?

Any thing else you would like to share?

Please submit 2 – 5 photos of your work or products.
Photos should be emailed to exdir@foodsculptors.org

The Mission Statment:

The World Food Sculptors Association strives to gather food artists from all over the world to come together to promote food art, educate food sculptors, and create a competition circuit.

The organization will rely on membership as its main source of income for the first couple of years. It is crucial for this organization to have a strong following and also a strong board of directors.

The [board of directors](#) and the members of this organization will be the ones to mold this art form into an industry. We look to you for help, membership and guidance for years to come. Anyone interested in becoming a boardmember should contact Greg Butauski exdir@foodsculptors.org.

As a group we will collect [educational](#) materials from our members in an effort to share it with the world. We will also have an on-line newsletter for our members. The newsletter will be one of the main focuses of the board of directors.

In addition to membership the association will sanction [Food Art Competitions](#). The organization will provide rules and guidelines for standardizing events. We will provide an educational atmosphere that will allow carvers to grow and share knowledge with other sculptors. These competitions will also help create new members for this organization.

Code of Ethics:

As a member of the World Food Sculptors Association I recognize the significance of my conduct at all WFSA events or during food art demonstrations. I acknowledge the following:

- To share information with the WFSA and fellow members
- To help educate carvers with less experience
- To promote the WFSA and Food Art to the public
- To always put out the highest quality in food art to which you are capable
- To always use the highest professional standards on the job, during competition, and throughout the industry
- That the WFSA has the right, through established procedure, to withdraw my membership if I am found to be in violation of the ethical standards.
- All photos sent belong to you and were carved by you.
- All information on you Bio is true
- Dues will be due annually

I Have read and understand the Code of Ethics listed above and will adhere to it. I have also read the membership status on the application and that I qualify for the membership I have indicated on this form.
